

JOHNATHAN WYNN  
CREATIVE MANAGER  
UPLIFT DESK

Hiring Manager  
Creative Austin Co.  
Career Growth Blvd.  
Austin, TX

To whom it may concern,

I am strongly recommending Kirsten Allen for a creative position at your company. During her time at Uplift Desk, she displayed the grit and determination to thrive in a fast-paced creative environment. Kirsten graduated from SCAD, where she developed a strong foundation in design and established good habits that I believe she carries into her current work.

At Uplift Desk, she wore many different hats. She was my go-to for growing our brand across a variety of different media, creating icon sets, illustrations, and brand collateral like t-shirts, posters, and catalogs. Kirsten also became an excellent switch hitter as our email designer, where she built and coded custom headers and footers. On occasion, she assisted with web design, and I was always impressed with her ability to create mockups that look great on every screen size. Additionally, she used her knowledge in HTML and CSS to assist our dev team and implemented her designs on our site.

While Kirsten was in my team, our company quickly grew from 40 million to 250 million in revenue. She grew in tandem with us and delivered quality work at an increasingly accelerated pace.

In conclusion, I am confident Kirsten would be a great addition to your creative team and your company. Feel free reach out if you need more info. I am more than happy to sing her praises.

Best,

Johnathan Wynn
